

## 1. Admin Pane:

- **Course Search Enhancement:** When searching to add a course on different pages (In Admin Panel when we add course in college, information and other pages), display the course name along with the university name to avoid confusion (e.g., "Computer Science - XYZ University").
- **Phone Number Handling:**
  - Remove the default +977 extension, as most colleges and institutes use landline numbers.
  - Allow an optional extension before the phone number if necessary.
  - Link phone numbers to `tel:` and emails to `mailto:` for direct interaction.

## 2. UI Improvement:

- **Make Navbar Sticky** to enhance navigation.
- **Include University Option in Navbar After Colleges**

## 3. Course Updates:

- **Slug Pattern Update:** Change to "Course Name - Affiliation" instead of just "Course Name".

## 4. College Updates:

- **New Fields:**
  - Established Date (Text field, similar format to Address & District).
  - Course Fee (Optional field).
  - Placement (Optional field).
- **Feature Fixes:**
  - Some features like "Gallery" and "Others" are not functioning properly; these need to be fixed.
- **Verification System:**
  - Not all colleges are verified; add an option for superadmin to enable/disable the verification tick.
  - Verification tick is only available for paid subscribers.

## 5. Terminology Update:

- Change "Affiliation" to "University" across all pages and labels.

## 6. Information Page Updates:

- Admin should have the ability to edit or add the slug.
- Add an option to change or add sub-levels (if missing in the UI).
- Only Title & Image should be mandatory; all other fields are optional.

## **7. Page Section Ordering:**

### **Course Page Sub-Headings:**

1. Overview
2. Eligibility
3. Colleges Offering { Abbreviation } Under { University }
4. Curriculum Structure
5. Course Outcomes
6. More About This Program

### **College Page Sub-Headings:**

1. Overview
2. Courses Offered (previously "Affiliated Courses")
3. Eligibility (New field)
4. Scholarship Details
5. Facilities
6. Faculties
7. Discipline
8. Placement
9. About Us
10. FAQs

## **8. Filtering Options:**

### **College Filters:**

- Course, Discipline, District, Level, Type, Is Foreign Affiliated (Yes/No), University, Faculty.

### **Course Filters:**

- Level, Discipline, Faculty, Course (by name), Is Foreign Affiliated.

### **University Filters:**

- Is Foreign Affiliated.

### **Event Filters:**

- Type (Physical, Online, Hybrid), Registration (Paid or Free), Category.

### **Information Filters:**

- Category, Course, University, Level, Sub-Level (Terminology change to Year/Semester), Discipline, Faculty.

## 9. Meta Information (For Super Admin Only):

1. Meta Title
2. Meta Description

## 10. URL & Navigation Enhancements:

- Create separate pages for **Course, College, University, and Other Directories**.
  - Instead of linking to `/search/colleges` or `/search/courses`, clicking "Colleges" in the navbar should link to `/college`.

## 11. Additional Suggestions:

- **Include Dates** on News & Informational Pages.
  - **SEO-Friendly URL Structure:**
    - Use singular forms in URLs:
      - ☒ `www.collegeinfonepal.com/course/bachelor-of-science-tribhuvan-university` (Not courses)
      - ☒ `www.collegeinfonepal.com/college/pascal-national-college`
  - **HTML SEO Optimization:**
    - College Name should be `<h1>`.
    - Section headings (Overview, Courses, Scholarships, etc.) should be `<h2>`.
    - Courses & Universities should follow the same heading structure.
    - Main title/headline of all information and event pages should be `<h1>`.
-
